GEORGE: You already know about the incredible entertainment intellivision brings into your home.

Well, now they're making it even more incredible.

Mimi, show them how you can teach me French.

MIMI: We will be teaching you French by taking you on a tour of France.
GEORGE: Marvelous.

This new Keyboard actually transforms

your Intellivision into a

Home Entertainment Computer.

So now, you can do things you never dreamed of.

JACK: Like taking my Jack LaLanne exercise class?
GEORGE: Exactly.

Show them how your program is going to whip me into shape.

JACK: First George took a fitness test,

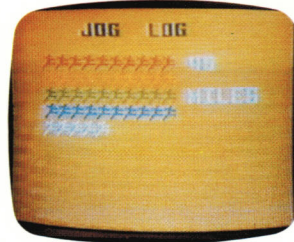

then the program set up

a routine especially for him.

This week you'll jog about 5 miles.

And before you know it... you'll have run over 40.

GEORGE: 40 miles?

JACK: You know, that's about right...for a writer.
(LAUGHTER)

GEORGE: As you can see, there are a lot of new things coming to you from Intellivision.

And I can't wait to see what's next.

Intellivision. Endless entertainment from Mattel Electronics.
