GEORGE: If you thought Intellivision was incredible before,

wait til you see what's new.

This new Keyboard

actually transforms your Intellivision

into a Home Entertainment Computer.

So now you can take an exercise class

from Jack LaLanne,

or learn French from Mimi.

MIMI: We will be teaching you French by taking you on a tour of France.

GEORGE: As you can see, there are a lot of new things coming to you from Intellivision.

And I can't wait to see what's next.

Intellivision. Endless entertainment from Mattel Electronics.
